PIPELINE AND HAZARDOUS MATERIALS SAFETY ADMINISTRATION
2015 One Call Grant Applicant Eligibility

Changes to Section 6103 of the Pipeline Safety, Regulatory Certainty, and Job Creation Act of 2006, *effective 01/03/2014*, will affect States eligibility in applying for the One Call Grant. The State agency submitting the application is required to answer the following questions and provide data to clearly demonstrate compliance with these requirements. Failure to provide the requested information may void the application.

a) Does the State one-call notification program allow all underground facility operators, including all government operators, to participate as appropriate*? (list any pipeline exemptions) Yes

b) Does the State one-call notification program allow all excavators, including all government and contract excavators, to participate as appropriate*? Yes

c) Does the State one-call notification program provide for flexible and effective enforcement under State law? (Please provide citation to the state statute for enforcement and identify the enforcement authority.) Yes

North Dakota Century Code Chapter 49-23, the enforcement authority is the North Dakota Public Service Commission

d) Does the State one-call notification program require that the one-call notification system requirements of the program are applicable without exemptions to municipalities, State agencies, or their contractors? (If you are currently determined to be ineligible by PHMSA based on this requirement, you do not qualify for this grant!) Yes

e) Does the State one-call notification program provide for consideration of the gravity of the offense and risk to the public in determining appropriate enforcement? Yes

f) Does the State one-call notification program provide for no cost underground facilities locate requests, excluding design, for all individuals planning excavation activities? No

Excavators are currently charged \$1.10 for every locate they file. Utilities are charged \$1.10 for every locate they receive.

g) Does the State one-call notification program provide for voluntary participation of underground facilities owners or an activity of a type of excavator which have been determined by the State to be de minimis risk to public safety? No

Items that pose a de minimis risk to the public or environment are listed under Section 49-23-01 paragraph 7 of the North Dakota One-Call Law (N.D.C.C. Chapter 49-23)

h) To the extent the State has determined it to be appropriate and necessary; has the State provided for administrative or civil penalties commensurate with the seriousness of a violation of the State one-call notification program by an excavator or facility owner? Yes

Title

Priority: 3 Project: 2015 Damage Prevention Awareness Billboard Advertising

Development and/or conduct of damage prevention awareness campaigns - Advertisements

Has this activity been performed previously? If yes, what were the results? Provide sufficient details about the effectiveness of this project in order to support the approval of this project for another year.

All previous grant awards have been used for damage prevention awareness including 811 awareness advertising campaigns in the State of North Dakota.

Grant funds have been used to procure advertising for approximately 16 to 20 billboards per year. Billboards have been placed in or near the following cities: Beulah, Bismarck, Bowman, Carrington, Devils Lake, Dickinson, Fargo, Garrison, Glen Ullin, Grand Forks, Jamestown, Killdeer, Mandan, Minot, Rugby, Towner, Valley City, Wahpeton, Washburn, West Fargo, and Williston. During the 2014 advertising campaign, billboards are to be placed in or near Bismarck (2) Beulah, Bowman Carrington, Fargo/West Fargo (2), Grand Forks (2), Glen Ullin, Mandan, Jamestown (2), New Town, Towner, Valley City, Wahpeton, and Washburn.

The effectiveness and results are difficult to judge as we are not aware of a reliable method to quantify the impact of this specific activity. Ryan Schmaltz, representative from North Dakota One Call, has stated on numerous occasions that the billboards have indeed produced a noticeable effect. The billboards that have been placed around the state are very well done, very visual and attract attention while presenting the desired message. Ryan receives very positive feedback from individuals who have seen the billboards and taken the time to express their thoughts by sharing their opinions of the effectiveness of the signs, and also that the layout and design of the new billboards is very well done. It would be advantageous if additional funding was made available to intensify and further increase the advertising campaign in northwestern North Dakota, especially in the Williston Basin region of North Dakota, without reducing the campaign level in other parts of the state that are also vital. The Williston Basin region, especially in and around the Bakken formation, is expected to continue to experience record levels of energy infrastructure construction well into the foreseeable future.

What do you plan to do with the 2015 requested funds for this project? If you have entered costs under the "Other" budget category, you must explain those costs here.

Grant funds for 2015 will again fund a billboard advertising campaign, throughout the state of North Dakota. Funds will be used to procure advertising on approximately 16 to 20 billboards. Billboards are strategically placed to attract the attention of excavators, including residents and businesses, utilities and motorists. The billboards are placed in or near the major markets, with emphasis on the areas of elevated activity in construction and traffic, to better relay this message to the general public. The billboards are designed to communicate the important message of calling 811 or contacting One-Call at NDONECALL.com prior to digging. Billboard advertising continues to be an efficient, effective, high-impact way of getting an important advertising message to the residents and businesses throughout the State of North Dakota.

Please indicate the One Call Enforcement Authority for your State and/or Agency:

North Dakota Public Service Commission

Estimated Budget for this Project:

Personnel	\$0.00
Fringe Benefits	\$0.00
Travel	\$0.00

Equipment	\$0.00
Supplies	\$0.00
Contractual	\$10,000.00
Other	\$0.00
Indirect	\$0.00

Total Requested Cost for this Activity:	\$10,000.00
--	--------------------

Are the One Call Application Funds to be transferred to other than "NORTH DAKOTA PUBLIC SERVICE COMMISSION"?

Yes, A Contractor; Newman Outdoor Advertising

What is the amount to be contracted?	\$10,000.00
--------------------------------------	-------------

Is there Equipment and/or Items associated with this activity?	No

Optional Documents for Submission

Instructions

- 1** Enter a name for the application in the Application Filing Name field.

 - This application can be completed in its entirety offline; however, you will need to login to the Grants.gov website during the submission process.
 - You can save your application at any time by clicking the "Save" button at the top of your screen.
 - The "Save & Submit" button will not be functional until all required data fields in the application are completed and you clicked on the "Check Package for Errors" button and confirmed all data required data fields are completed.
- 2** Open and complete all of the documents listed in the "Mandatory Documents" box. Complete the SF-424 form first.

 - It is recommended that the SF-424 form be the first form completed for the application package. Data entered on the SF-424 will populate data fields in other mandatory and optional forms and the user cannot enter data in these fields.
 - The forms listed in the "Mandatory Documents" box and "Optional Documents" may be predefined forms, such as SF-424, forms where a document needs to be attached, such as the Project Narrative or a combination of both. "Mandatory Documents" are required for this application. "Optional Documents" can be used to provide additional support for this application or may be required for specific types of grant activity. Reference the application package instructions for more information regarding "Optional Documents".
 - To open and complete a form, simply click on the form's name to select the item and then click on the => button. This will move the document to the appropriate "Documents for Submission" box and the form will be automatically added to your application package. To view the form, scroll down the screen or select the form name and click on the "Open Form" button to begin completing the required data fields. To remove a form/document from the "Documents for Submission" box, click the document name to select it, and then click the <= button. This will return the form/document to the "Mandatory Documents" or "Optional Documents" box.
 - All documents listed in the "Mandatory Documents" box must be moved to the "Mandatory Documents for Submission" box. When you open a required form, the fields which must be completed are highlighted in yellow with a red border. Optional fields and completed fields are displayed in white. If you enter invalid or incomplete information in a field, you will receive an error message.
- 3** Click the "Save & Submit" button to submit your application to Grants.gov.

 - Once you have properly completed all required documents and attached any required or optional documentation, save the completed application by clicking on the "Save" button.
 - Click on the "Check Package for Errors" button to ensure that you have completed all required data fields. Correct any errors or if none are found, save the application package.
 - The "Save & Submit" button will become active; click on the "Save & Submit" button to begin the application submission process.
 - You will be taken to the applicant login page to enter your Grants.gov username and password. Follow all onscreen instructions for submission.
